

# **We're Gonna Switch Our Bank acappella version**

Verse – Chorus 1 – Verse – Chorus 2 – Chorus 3

## **Verse**

### **Soprano/Alto:**

Some of the banks, some of the banks, oh  
They are burning our future  
They're getting rich, drilling for oil, oh  
They believe no-one can stop them  
Power for change is in our hands  
Let's fund the world we want  
We can take our future bank  
With every bank account

## **Chorus 1**

### **Soprano/Alto:**

(We're gonna) switch our bank it's our moment  
Gotta be banking with Monzo  
Shouldn't be banking with Barclay's, whoah  
Switch our bank it's our moment  
Gotta be banking with Starling  
Shouldn't be banking with Natwest  
A stable climate for us all  
That's what we wanna see  
Say no thanks to fossil banks with the  
Account Switch Guarantee

## **Chorus 2**

### **Soprano/Alto:**

(We're gonna) switch our bank it's our moment

Shouldn't be banking with Santander  
If you switch to Nationwide
