

## **I watch the news**

*S and T:*

Doo doo, doo doo  
Doo doo doo doo, doo-doo-doo  
Doo doo, doo  
Doo, doo-doo-doo, doo  
(repeat until end)

*A and B:*

1. I watch the news  
I'm feeling scared  
Against the threat of climate change  
Our systems are so unprepared

I'm paralysed, I look away  
the chaos growing every day

2. I know the business law  
Grow and grow and grab for more  
Office bound, what can I say  
Miss the targets, you don't get paid

I free my mind, I'm done, I'm through  
I will not think how they want me to

3. Interconnectivity  
I'm here for you, I'm here for me  
None of us are here alone  
We hold each other round the world

Help me feel, I'll help you too  
I'm breathing now I'm here with you  
I've got your back, you've got me too  
Together we will make it through
